

I haven't seen my sister in over 2-3years
My parents kicked her out because she was stealing from us
I was in a deep depression when she left

I'm a nerd believe it or not
My favorite subject is math even though failed it last year

My dad moved out when i was young
My mom always told me lies so I didn't know what was really going on
Even though i did
They always fight over stupid things, make up then back to arguing

Captain america is my favorite avenger
I've seen every movie out "i think"

My mom always says " act more like a lady"
I like the way i am

I sleep with all 6 of my teddy bears
they make me feel safe

I am a very emotional person
I cried when my dad shot the groundhog that was in the backyard
He deserved it he was stealing the tomatoes

Im a daddys little girl
He says to me
" go to college do the things i never got to do"
I disappoint him sometimes

I'm the last child out of 6
On my mom's side
On my dad's side i'm not the youngest
I have a 2 year old brother

I'm scared that people will judge me for who i am
That's why i don't show emotion
I laugh to show people i'm okay
But most of the time i'm not

I try to forget my past
But i can't
When i turn 18 i'm moving out of Newburgh
Forgetting my past starting over

I don't like telling people where i come from
Because i know i'll be judged
I don't like telling people who my family is
Because i know i'll be judged
